She hasn't abided by the alternative communication program, ^{🗨️}so why would we reward her by removing it? However, we have attended to all of her and her daughter's needs.

We will hopefully have the final say from OCR soon.

Hello Mr. Glasky:

When we spoke on June 20, you stated you were going to look into how long this communication ban is going to last. I haven't heard back from you and Mr. Sansom has been ignoring my request for information for months. ^{🗨️}Please let me know who is making the decision to continue this communication ban and how long it is expected to last.

Thank you.
